

WHAT YOU NEED TO KNOW ABOUT TRANSFERRING GUNS

- All weapons being transferred in to our stores must come from a Federal Firearms License (FFL) holder in the continental United States.
- Jax Jewelry and Pawn will serve as the transfer agent to aid customers in obtaining weapons from duly authorized FFL dealers. Dealers must be located in the continental United States and can include U.S. manufacturers and importers with FFL's. We will not receive weapons from non FFL holders.
- Jax Jewelry and Pawn, as the local agent, will receive the weapon(s) from the seller's dealer and complete any require paperwork.
- The fee to Jax Jewelry and Pawn to act as the local agent for each handgun transfer is \$25.00 per weapon transfer. The fee for each long gun transfer is \$35.00 per weapon transfer.
- Jax Jewelry and Pawn is not responsible for any shipping fees to transfer guns. We are not responsible for any damage to guns that occur in shipment. We are not the warrantee agent for any guns.
- Before shipping to any dealer we must have on file the FFL of the dealer we are receiving from or shipping to. Each FFL must include your name, make, model and serial number of the gun being sent. When we receive the firearm you must fill out the required paper to include federal form 4473 and approval by the appropriate Florida agency handling gun approvals.
- Jax Jewelry and Pawn reserves the right to cancel any transfer at any time, and for any reason.
